

## CAB-MM-HFO-A-D

## Detachable Side

**GeMNeXT**

10, 15, 20, 30, 40, 50, 60, 70, 80, 90 & 100 meter HDMI 2.0 cables

The **CAB-MM-HFO-A-D** is an HDMI active optical cable (AOC) with high performance and low power consumption. Using optical fiber to replace copper wire as the high-speed signal transmission medium can reach much longer lengths. The Detachable Head on one side provides even easier installation by use of PVC tubes.

This cable is a plug and play device without need for driver install.

Cable lengths : 10m/15m/20m/30m/40m/50m/60m/70m/80m/90m and 100m customized for ultra-long length.

The HDMI head is based on HDMI 2.0 supporting up to 4K.

The HDMI interface supports HDMI 2.0 4K@60HZ for UHD displays, LED displays or Projectors.

With support of HDCP2.2/CEC/EDID/HDR and a minimized casing it is suitable and easy for installation.

### SPECIFICATIONS:

|                      |  |
|----------------------|--|
| Interface            | HDMI 2.0                               |
| Bandwith             | 18 Gbps                                |
| DP/HDCP Version      | HDMI 2.0 / HDCP 2.2                    |
| Resolution           | 480P,720P,1080i,1080P,3D,<br>4K@30, 60 |
| Cable                | 4Core OM3 Multimode Fiber              |
| Material             | Zinc Alloy                             |
| Limit bending radius | D15mm                                  |
| Holding Tensile      | 100N (15min)                           |
| Power Consumption    | ≤250mW                                 |
| Support for          | CEC, HPD, ARC                          |
| Warranty             | 2 year                                 |
